

The Wisdom of the Heart

A one-day healing circle
in partnership with Spiritual Intelligence

Led by Altazar Rossiter PhD
author of *Developing Spiritual Intelligence*
Sunday July 15th ... 09:30 - 17:00

This workshop aligns with the new energy paradigm of self-empowerment that's arising in human consciousness. It accesses the transformative energies of your **I Am** essence - your Spiritual Intelligence - in co-creative partnership.

- ♥ Are you feeling stuck in your life, or your relationships?
- ♥ Have you noticed the energies pushing things up for you and others?
- ♥ Are your emotions popping up more than before?

Partnering with Spiritual Intelligence will help you get to the multi-dimensional root of many personal issues that are persistently resistant to traditional spiritual practices. It will help you in ...

- ♥ Connecting with the inner guidance of your heart
- ♥ Managing your boundaries and personal energy flow
- ♥ Negotiating the challenges in your life
- ♥ Clearing negative emotional reactions and triggers.
